

Reminders - Mass Servers

- **Server 1: Primary Altar Attendant**

- At the Preparation of the Altar before the Liturgy of the Eucharist, put the tray at the end of the Altar; **generally, wait** there or it to be emptied to bring it back to the credence table. Always ensure it is removed before the washing of hands.
- During/ after communion, bring the water cruet to the Altar/ Father for the cleansing of vessels. Either do so during communion or bring it to Father after communion and pour it into the Chalice as he holds it.

- **Server 2: Altar Missal Attendant**

- At Preparation of the Altar, place Altar Missal and holder on the Altar, to the left of the middle. **On weekends, please do so before getting candles for the Offertory procession.**
- Upon washing of hands, if the water cruet/decanter is on the Altar, remove it immediately after washing of hands.
- After communion, the Altar Missal is the last item cleared from the Altar. Father will silently read the Communion Antiphon from it before closing it and leaving for his Presider's Chair.

- **Server 3: Priest's Missal Attendant**

- There are two times you will hold the Priest's Missal, at the Collect, and Concluding prayer. Ribbons will be placed near the binding, except for one. Open the book to that page.

All - Please stay in unison whenever you are performing tasks with a partner.

Candle bearers - meet behind the Altar and bow together **before and after** retrieving candles.
